ALIMENTOS CONGELADOS

PÃES DE QUEIJO

A Rico Paladar, uma empresa familiar, está no mercado há 4 anos, no ramo de produtos alimentícios congelados.
Tudo começou quando Cleber saiu de uma empresa de alimentos congelados, onde seu irmão Renato também trabalhava como gerente de produção e, devido a esse fato, resolveram, em uma reunião familiar, montar o seu próprio negócio, especializando-se na fabricação de Pão de Queijo. No início, alugaram um espaço de 30m², compraram equipamentos e um veículo para as entregas. Com uma produção inicial pequena, vendiam os produtos de porta em porta, nos estabelecimentos comerciais da região.
Atualmente, a empresa está localizada em Curitiba, no bairro Uberaba. Tem sede própria, com infraestrutura e funcionários capacitados, que trabalham com matéria-prima de primeira linha, para servir o melhor Pão de Queijo da cidade.
A Rico Paladar tem como missão oferecer um produto diferenciado, focada na qualidade e na excelência, para atender ao mercado, no atacado e varejo.

Our Story

Rico Paladar is a family-owned company that has been operating in the frozen food sector for 4 years. It all began when Cleber left a frozen-food company where his brother Renato also worked as production manager. During a family meeting, they decided to establish their own business, specializing in Cheese Bread production.

They started by renting a 30 m² facility, purchasing equipment and a delivery vehicle. With an initial small-scale production, they sold their products door to door to local businesses.

Today, the company is located in the Uberaba neighborhood of Curitiba. It has its own facility, trained employees and uses first-class raw materials to deliver high-quality Cheese Bread.

Rico Paladar's mission is to offer differentiated products,

OUR STORY

Do you know that feeling of missing home and craving something warm and freshly baked? Whether at breakfast or any time of day, Cheese Bread straight from the oven is a delicious treat.

Rico Paladar products are made with selected ingredients while preserving the tradition and recipes passed down through generations.

Cheese Bread has an interesting history. It is a South American delicacy, widely enjoyed in Brazil. It is related to Chipa, a recipe developed in Jesuit missions with Indigenous and European influences, traditionally associated with Paraguay and Argentina. It is believed to have entered Brazil around the 1860s.

Today, Cheese Bread is enjoyed by Brazilians throughout the country. Rico Paladar has developed several varieties of this traditional delicacy, expanding its presence in the Paraná market.
